

BIKEWAY PLANNING COMMITTEE

The Belmont Bikeway Planning Committee did not hold any committee meetings during 2006 although its members continue to attend meetings of other committees and assist in providing information on Bikeway related issues including the planning work done for Trapelo Road.

As the Year 2007 begins there is some information that the Department of Recreation (DCR) has the implementation of the former "Wayside Bike Trail" on their agenda and local groups such as MassBike and bike committees in Watertown, Waltham and Cambridge are gearing up to provide input into the process.

The Belmont Bikeway Planning Committee combined with the Belmont Friends of Community Paths are discussing the steps required in Belmont to position the Town to take advantage of this regional push to advance this important community amenity.
